

On-site Check-in Process

As outposts arrive at the camp, they will be directed to registration at Gray Fox Lodge to complete the check-in process.

1. **Vehicle Registration:** At the front gate, the Security team will give the vehicle driver a vehicle registration card to be completed and returned. A numbered parking tag will be issued by Security for each vehicle to be displayed in the vehicle's front window.
2. **Individual Campers:** Each camper will check in according to his last name. We will not allow a group leader to check in for all the boys.
3. **Provide Camper ID Tags & Notebooks:** Camper ID tags and Camper Notebooks will then be provided for each camper.
4. **Camporama Merit:** One leader from each outpost will pick up and sign for the Camporama merit patches. It is the leader's responsibility to determine when the requirements for the merit have been completed. We will not produce or sell additional Camporama merits. Please don't lose them.
